

# EDITORS WELCOME

Well hello and welcome to the very first online version of Meekie Monthly. My name is Royston Butterscotch and I've been editing the world's favourite magazine about people with big heads for the last 19 years. I can't tell you how excited my family and I have been about going online. But I'm going to.

For a long time, the internet was a place for saddos and people who wanted hard core porn for free. But not anymore. As my surgically enhanced wife Brenda told me this morning as she prepared her ripe grapefruits for me to munch on in bed "To beyond and infinity". Actually,

God bless and may you ride Lady Luck

that may have been my young son Timmy's rather expensive toy that I stood on as I reached for my Austin Reed dressing gown.

My young 16 year old virgin daughter Cindy celebrated the launch of the new online Meekie Monthly by holding a so called gang bang for her and her friends last night, whatever that is (I think it's youth talk for a Barbie party). I think they all had a great time celebrating the fact that Meekie Monthly is now available to the whole world for free! There was a lot of noise coming from her room and it's great to see the youngsters getting involved. Even

little Timmy has festooned his large narrow gauge train set with decorative bunting. Gawd bless him.

I hope you enjoy your read of Meekie Monthly. We hope you'll agree that publishing online will save a lot of trees, we're big fans of large bushes and we should do all we can to keep them in the public eye. Let us know what you think and if you think that you'd like to contribute to the magazine, drop us a line at [meekiemonthly@yahoo.co.uk](mailto:meekiemonthly@yahoo.co.uk)
